What to do on the day of the tournament: Most players should be there 45 minutes prior to your tee time. This will allow you to register, practice putting or hit a few golf balls on the range. Please check in at the registration table when you arrive so we know you have arrived for the event.

Not all parents or kids will know all the rules and very likely know very few. If you think you know the rule, it is always helpful to provide the information and help all that are playing. The rules are not the event focus, but it is one that we hope players and parents become more knowledgeable along the way. We have modified some rules to make these events more fun! We will review these before you start.

We do want to emphasize and focus on pace of play. Golfers play better when they play fast, this is a proven fact. Please help them with club selection, align them to the target, be positive and let them play.

A caddy's job is to

- keep things positive
- don't over coach
- align the player
- give advice on club selection
- Let the players make the final decisions

It is good to bring, water, sunscreen, extra golf balls, golf glove, good walking shoes, and an umbrella for sun or rain.

Awards will be given to the top 3 in each division plus any ties. These will be awarded as soon as the entire age group finishes unless there is a playoff for first place.
